PROFESSIONAL SUMMARY

Full-Stack Web & Flutter Developer with 3+ years of experience building scalable and reliable digital solutions. Expert in architecting end-to-end applications using modern frameworks (React, Node.js, Flutter) and cloud platforms (AWS). Proven track record of automating workflows, improving system performance by up to 40%, and delivering cost-effective solutions for diverse clients. Passionate about leveraging technology to solve real-world business problems.

WORK EXPERIENCE

Full-Stack Web & Flutter Developer

July 2022 - Present

Self-Employed | Remote

- Delivered 25+ production-ready web and mobile applications for clients across multiple industries
- Built cross-platform Flutter apps, reducing development time by 35–45% compared to native solutions
- Designed and implemented scalable backend systems using Firebase and REST APIs supporting 10k+ active users
- Developed admin panels, dashboards, and CMS systems enabling non-technical users to manage content independently
- Integrated authentication, role-based access control, cloud storage, and real-time databases
- Implemented payment gateways and third-party APIs, improving transaction reliability and security
- Optimized frontend and backend performance, improving page load speed by 40%
- Collaborated directly with clients, converting business requirements into technical solutions with 95% client satisfaction
- Provided post-deployment support, bug fixes, and feature enhancements

TECHNICAL SKILLS

- **Languages:** Dart, JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Mobile Development:** Flutter, State Management (Bloc, Provider, GetX), Google Maps, Third Party API, Android, iOS
- **Web Development:** React.js, Node.js, Express.js, REST APIs
- **Backend & Cloud:** Firebase (Auth, Firestore, Cloud Functions), MongoDB, SQL/NoSQL
- **Tools & Platforms:** Git, GitHub, VS Code, Android Studio
- **Additional Skills:** API Integration, Clean Architecture, Performance Optimization, Debugging

PROJECT

Real-Time Chat Web Application

React, Firebase, Tailwind CSS, REST APIs

- Developed a real-time chat application with one-to-one and group messaging.
- Implemented Socket.io for live messaging, typing indicators, and user presence.
- Integrated authentication and message timestamps for improved UX.

Allfix Home – On-Demand Home Services App

Flutter, Dart, REST APIs, Location Services

- Built a customer-facing app for booking home services with service listings, filters, and location-based availability.
- Integrated backend APIs and optimized performance across booking and service flow screens.

EDUCATION

Bachelor of Technology in Computer Science Engineering

Aug 2018 - Jun 2022

Babasaheb Bhimrao Ambedkar University
